

If you thought original PassTime helped your business, wait until you experience PassTime Plus.

PassTime Plus is the next evolution of the original PassTime product and light years ahead of competitors' devices. PassTime Plus not only complies with right-to-cure laws unlike any other starter-interrupt system but is extremely cost-effective too. In addition, with a comprehensive list of new, easy-to-use features. PassTime Plus gives BHPH dealers the ultimate in control when selling to high-risk credit customers.

PassTime Plus builds on the success of original PassTime - now on over 120,000 vehicles - by providing dealers with more tools to profitably build their business. Upgrade to PassTime Plus today.
